**The conference will be live in-person.** In addition, we offer a **virtual live streaming** option. Live streaming is a great alternative for those not ready to meet in-person or unable to travel.

**Safety Concerns are real** and yet, given feedback from our PANC Family, we also must acknowledge that **meeting in-person with our Parkinson Community is also important** for our collective sense of well-being. Therefore, the PANC Conference Committee, with consideration of federal, state, and local guidelines **and** input from our Medical Advisory Panel has implemented various safety precautions including:

- **Vaccinations will be required** for all individuals attending in person and proof of vaccination will be required at check-in
- **Masks will be required**
- **Social distancing will be emphasized.** Our conference space is a new, state of the art 160,000 square feet building with 35 ft. ceilings and ample ventilation. Seating and walkways will be widely spaced. Fewer people will be seated at each table.
- **Food** will be individually packaged.
- **Hand Sanitizer** will be readily available.
